

NEW COMPACT DESIGN

The S-151-Junior

MODEL S-151-JR

***ALMOST 1/2 THE WEIGHT
OF OUR STANDARD
BRONZE NOZZLE***

***A HEAVY-DUTY NOZZLE
DOESN'T HAVE TO
BE BIG AND HEAVY!***

FINALLY, LIKE YOUR WORK GLOVES, YOU HAVE A COUPLE OF SIZES TO CHOOSE FROM.

FEATURES

- ***Modeled after our standard nozzle***, but downsized by 25% to accommodate smaller hands.
- ***Proven Durability.*** The "Junior" is constructed of bronze and stainless steel, and although smaller, will still withstand the abuse and punishment common to the industrial environment.
- ***High Performance.*** Same exceptional cleaning capability with a substantial reduction in GPM. A real water saver.
- ***Less Weight.*** The "Junior" is half the weight of the standard bronze nozzle.
- ***Ergonomic Design.*** Finally, a smaller, lighter, ergonomically designed spray nozzle that has been downsized to an extremely user friendly size.
- ***Rubber Covers.*** Available in black with contrasting yellow directional arrows.
- ***Swivel Adaptors.*** Available with a garden hose swivel adaptor, 5/8" hose barb swivel adaptor or 3/4" hose barb swivel adaptor.
